**Subject:** Re: RVs Lassen & Kester

Hello [REDACTED]

Thank you for reaching out to Councilwoman Rodriguez's office. Our office is aware of the situation and working with our City Departments to address your concern. I at Lassen on Wednesday, March 6th, with Senior Lead Officer Chacon, as part of our weekly community drive, and were able to identify a vehicle to tow. Senior Lead Officer was able to tow one vehicle on Thursday, March 7th, and continuous to tow vehicles that are abandoned or not appropriately registered

Moreover, our office works hand in hand with LAPD and the Bureau of Sanitation to address adverse quality of life issue stemming from nuisance vehicle dwelling locations. Given the large number of request for illegal dumping, our office depends on residents to call our office in order to prioritize service request.

The City of Los Angeles is facing a homelessness crisis that is complex and multifaceted. Homelessness is seen city wide in the form of encampments and people living in their cars and RV's. In Council District 7, we have seen an alarming increase in RV dwellers, from single occupants to families. The office of Councilwoman Rodriguez is aware of this crisis, and is committed to finding long term solutions that promote self-sufficiency among our homeless population.

In the last two years, Los Angeles City and County voters passed Proposition HHH and Measure H, allocating millions of dollars annually to increase subsidized and affordable housing, mental health services, and homelessness prevention and case management services. Emergency shelters and safe parking programs are also being piloted city-wide to provide immediate assistance to individuals living on our streets.

Please partner with our office in reporting illegal dumping through the MyLA311 app or by calling 3-1-1. Report non-emergency illegal activity to the LAPD non emergency number (877) 275-5273. I've also included Senior Lead Officer Chacon's email. If you have information regarding suspicious activity please share that information with SLO Chacon: 35441@lapd.online

I'd like to discuss with you how you can further partner with us to better address your concerns and assist our office in addressing your issue. Would you be able to give me a call at 818-756-8409 or please provide me a time in which I can give you a call.

Lastly, would you be able to provide your phone number and address so that I can complete adding you to my contacts.

I look forward to speaking with you soon.

[REDACTED] left feedback on [Contact](#)

“Hi Monica. Im just letting you know about a problem that is happening near my home. There has been a build up of RV's parking on Lassen St near Lassen and Kester ave. I feel like this isn't right for them to be parking there so close to homes, an elementary school, and some daycares. They park there and never move. It's been like this for over a year and its getting really bad. A car flipped over the other day because it hit one of these RV's and that RV is still parked in the same spot. Someone just recently dropped one off and it doesn't even have a vehicle attached to it. I believe that parking enforcement must do something about this. It's not fair for us to be dealing with this. I just want something to be done please. I hope to hear from you soon. Thanks.”
